Ve did not see der mice schidt in der sample vich you scent us. It takes us much time to pick der mice schidt durds out from der rice. Ve orders der clean rice and you schipt schidt mitt der rice. Ve like you for to schip us der rice in vun sack and der mice schidt in anudder sack, and den ve mix to soot der customer. Please to write if ve schud ship back der schidt and keep der rice, or keep der schidt and schip back der rice, or schip back der hole schitten verks. Ve vant to do der rite in dis matter, budt ve do not like dis mices schidt bisness.
